Job Descr Residential Interior

Type RESIDENTIAL INTERIOR

Living Room w/Stairway Wall

NEW COLOR

#COATS

COST

Setup, Protection, Cleanup NA 1 \$480.00

Includes equipment and project setup, daily cleanup, and overall project cleanup
Includes movement and protection of furniture. Includes removal and
reinstallation of outlet covers, window fashions, window/door hardware as
needed.

Includes all site protection of floors, furniture, appliances, fixtures, etc. (with
plastic, canvas drop clothes, paper and/or cardboard shields)

Preparation & Repair NA 1 \$600.00

Includes repair of holes, cracks, major dents and major imperfections in walls
and ceiling, utilizing necessary combination of tape, joint compound and/or
painter's putty. All repairs will be sanded smooth, spot primed and texture
blended where applicable. Water stains will be treated with shellac-based
primer.

Includes application of caulk at intersection of trim and walls where needed.

Includes pole-sanding walls prior to paint application and between coats.

Safety & Hazard 1 \$120.00
Assessment

Materials:

Lead Protection Gear: NA

Notes:

This area is from pre-1978 construction, and we will assume the possible presence in lead of underlying coats of paint, per EPA guidelines. Prior to work starting, we will either assume the presence of lead and follow associate EPA guidelines below. We may also elect to test the surfaces to be disturbed to confirm whether or not any lead is present, at no additional expense, and adjust accordingly. If surfaces are negative for lead, we will follow standard jobsite protection and safety guidelines. If lead is tested as present, Braun's Painting will incorporate the following EPA guidelines at no additional expense:

Customer education and documentation

Jobsite signage

Jobsite protection & dust containment

Appropriate employee PPE and respiratory equipment

Appropriate daily cleanup and project completion cleanup & verification

Proper disposal of waste
